

# Works Notice

March 2023

## Noble Street long term bus stop closure

From Saturday 18 March 2023 until mid-2024, bus stop 13a (Noble Street at Princess Street) will be temporary closed due to construction associated with the Dutton Park station accessibility upgrade. Alternative bus stops on Annerley Road and Noble Street (please refer to map overleaf) will be available to customers during this time.

### Alternative bus stops

Bus routes 104, 105, 107, 108 or 196 will continue to service stop 18/12 on Annerley Road (Stop ID 001179) and stop 14a on Noble Street (Stop ID 003695), both located approximately 250m from stop 13a on Noble Street (please refer to map overleaf). Visit [translink.com.au](https://translink.com.au) to view the timetables for these stops.

### Noble Street pedestrian and cyclist changes

During construction of Dutton Park station there will be pedestrian and cyclist detours in place around work areas. These may intermittently change for periods of up to four weeks subject to the work activities being undertaken. Please follow the direction of signage and traffic control when moving through this area (please refer to map overleaf).

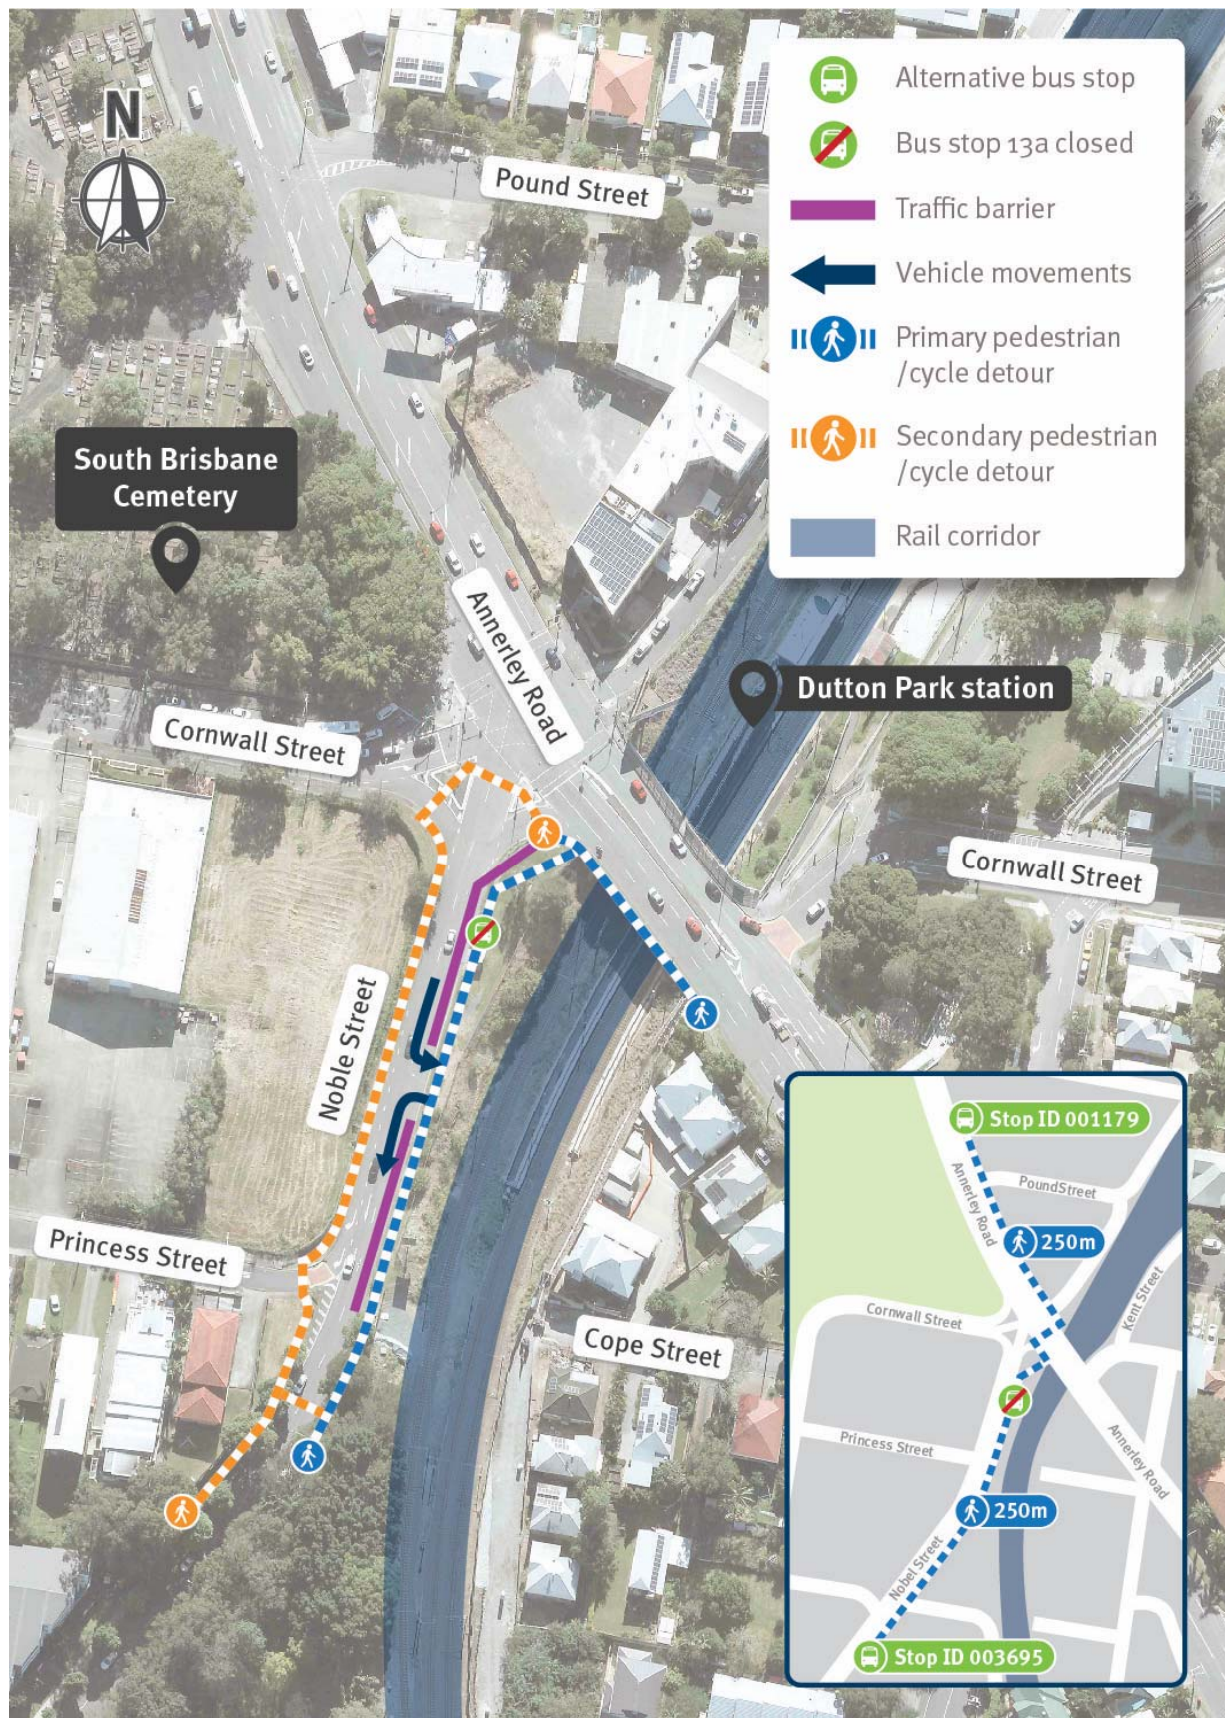

If you would like to speak with a member of the UNITY Alliance Project Team about these planned works, please contact 1800 010 875 or email [info@unityalliance.com.au](mailto:info@unityalliance.com.au) anytime for more personalised consultation.

We appreciate your patience during construction and will continue to update you as work progresses.

For more information on work activities occurring at Dutton Park station during February 2023, please scan the QR code.
